

PARKS MEETING

JUNE 22, 2016

6:30 Meeting called to order by Marty Hura

Members Present: Giles Seith, Marty Hura, Randy Weaver, and Don Buchert

Motion to excuse Ashlee and Wes Hawkins new baby in house by Randy second by Marty all yeas

Others Present: Mayor Clark, Paula Tabulkain, Greg B.

Motion to accept the May minutes – no quorum from the May meeting hold until July.

Mayor Clark advised that she sent a thank you to the Brugmann's for the gravel for the turnaround.

Still trying after a month to make a connection with Kendra regarding cost of turnaround.

Randy W says that there is a new canoe livery in the area, Short Adventures, Randy said he told them they could use the park area as a put in and takeout. They thought only Camp Hi could use it. Randy explained that it is public property.

Mayor said we still have resolved the issue of the keys for the kiosk. Greg said that will be solved when it is decided about upgrades to the kiosk by the walking bridge or replacing it. Parks voted for upgrades for now and to repurpose it down the road when the rest of the trail is completed. DMRC has 2 estimates- Heron's Rock (Scott Snyder) for upgrades for about \$470.00, or a brand new one through Keith Miller-Craig Alterman and Keith Mizner for around \$3700.00 (like the new one Portage Parks put in by the turnaround).

Greg B presented 7 pages of informational information for the Kiosk. The map showing the glacier section of trail is incorrect, once that is fixed it would be good to go. With changes Randy made motion to approve, second by Don all yeas

Motion to adjourn at 7:30 all yeas
